## YEGGMEN BLOW VAULT AT FRANCIS

FAIL TO ENTER VAULT WHERE  
SAFE WAS KEPT, HOWEVER,  
ARE DRIVEN OFF.

### CITY MARSHAL LANCE A HERO

Fought the Entire Gang With 38 Automatic—Robbers Escape to the Hills.

Shortly after midnight of Wednesday, yeggmen attempted to rob the Bank of Francis, but were foiled through the nerve of George Lance, city marshal. The burglars blew open the outer door of the vault and shattered the inner door, but they failed to effect an entry to the vault.

It was 12:40 when Marshall Lance, O. E. Melvin, foreman of the Ada section crew and M. Bogle of the Ada News force heard three explosions while standing at the depot. The first two were not very loud and they supposed at the time were caused by something in the railroad yard, but by the time the third was fired they were in a position to see the bank and a sheet of flame that accompanied the explosion proved the presence of the yeggmen. The three men started up the street but the robbers had picked every approach. The sentry on the street on which the three men approached hailed them, but the marshal was not a man to be bluffed and pulling a 38 automatic he emptied it at the robbers. The other men being unarmed did not remain on the ground any longer. The robbers returned the officer's fire with shotguns loaded with No. 6 shot but their aim was poor and he escaped. Having emptied his gun the marshal hurried home for more cartridges and before he returned they hurried from the bank across the hills leaving the town in a northwesterly direction. By this time a large crowd of excited citizens had gathered, but no attempt at pursuit was made in the darkness. An attempt was made to get in communication with the officers at Ada, but it was then found that the telephone wire had been cut and it was necessary to telegraph Roff and have the operator there to phone the sheriff's office. This morning Sheriff Mitchell and County Attorney Roland left for the scene of the attempted robbery.

There were at least six men in the gang, eye witnesses say, for three or four were doing sentry duty on the streets, and three were seen to come out of the bank building when they made their hurried departure from the town. Before entering the bank they broke into the hardware store of C. S. Norman & Son getting two shotguns and seven boxes of shells loaded with No. 6 shot, and a hatchet and saw. They made their entry both into the store and the bank by prying open the front doors with a crow bar. The bank suffered damage estimated at \$500. Not only was the door completely wrecked, but the glass

front was shattered into fragments. One charge of the explosive had been placed in a hole drilled above the combination, another above and one below the door. The work had every appearance of being that of amateurs. Even if they had succeeded in entering the vault their work would have only begun, for the money was in a heavy Mosler safe inside.

It was stated that only about \$3,000 in cash was in the safe, and it was covered by burglar insurance. It is supposed that the yeggmen thought that the money for meeting the Frisco pay roll Friday was in the bank, but it had not arrived.

Mr. Lance proved his nerve in an unmistakable manner, for he never sought any cover while shooting at the burglars, standing out in the open with several of them shooting at him with shotguns while he was firing at them with his revolver. It being very dark it was impossible to tell whether or not any of his shots took effect. He was struck on the hip with something, supposedly a bird shot, but was otherwise unscathed.

### PROMINENT EDUCATOR DIES AT SHERMAN

Sherman, Tex., Nov. 13.—Dr. O. A. Carr, president of Carr-Burdette College of Sherman, died in this city this afternoon at 1:30 o'clock after a long illness.

Dr. Carr was perhaps one of the best known educators in the South. He was born at Mays Lick, Ky., Feb. 5, 1845, securing the rudiments of an education in his native town. Later he entered the University of Kentucky at Lexington, Ky., where he finished with high honors. On March 26, 1868, he was united in marriage to Miss Mattie Myers of Mays Lick, also a graduate of the University of Kentucky, and immediately after the marriage Dr. and Mrs. Carr left for Australia, as missionaries of the Christian church. They stayed in that country until 1873, Dr. Carr carrying on evangelical work for the church and Mrs. Carr establishing a school for young ladies at Melbourne. In 1873 they made a tour of the Orient and returned to America. In 1894 Dr. and Mrs. Carr came to Sherman and established Carr-Burdette College, a school for young ladies. Mrs. Carr died five years ago, and was buried in West Hill cemetery in this city. Dr. Carr has carried on the work at the college since her death until the end of the last term, when he announced that Dr. J. L. Anderson, formerly of the Texas Christian University, would henceforth be in active charge.

Dr. Carr's health began to decline shortly after the close of school last year, and notwithstanding the fact that he has had the attention of the best physicians and nurses, he did not improve. Recently he went to Sulphur, Ok., to try the water there, and when he returned home only a few days ago he told some of his friends that he felt much better than he had for some time, and the announcement of his death this afternoon proved a shock to the citizenship of Sherman and to many of his nearest friends.

### Telephone Pioneers Meet.

New York, Nov. 14.—The second annual meeting of the Telephone Pioneers of America began at the Hotel Astor today and will continue over tomorrow. Thomas A. Edison, Alexander Graham Bell, Theodore N. Vail and other men who have had a prominent part in the development of the telephone industry are in attendance.

## TURKS READY TO MAKE PEACE

Constantinople, Nov. 13. Midnight.—That the Porte has entered into direct negotiations with Bulgaria for an armistice is confirmed. Nazim Pasha, the Turkish Commander in Chief, has received instructions to open communication with the Bulgarian Generals, and he has sent an envoy to the Bulgarian headquarters.

The Porte appears resolved upon this course, owing, on the one hand, to the delay of the Powers in handling the mediation proposal, and on the other hand, to the divergence of views the proposal has occasioned among the Powers. The Porte, according to official circles, is unwilling to add to the existing embarrassments of the Powers.

It is understood here that only four of the Powers agreed to submit the mediation proposal, while two presumably Austria and Germany, abstained from participating. Under these circumstances the Porte elected to apply direct to the principal belligerent—Bulgaria—and there is reason to believe that the same course will be adopted in the negotiations for the terms of peace.

## NEW GOVERNORS FOR MANY STATES

Washington, D. C., Nov. 14.—Many changes among the executives of the different states will take place next January as a result of the recent elections. Of the twenty-eight states that balloted for governors only nine re-elected their present executives. The governors fortunate enough to be re-elected for another term are Simon E. Baldwin, Democrat of Connecticut; Eugene N. Ross, Democrat of Massachusetts; Adolph O. Eberhart, Republican of Minnesota; Coleman L. Blease, Democrat of South Carolina; Ben W. Hooper, Republican-Fusion of Tennessee; Oscar B. Colquitt, Democrat of Texas; William Spry, Republican of Utah; Francis E. McGovern, Republican of Wisconsin; and Aram J. Potler, Republican of Rhode Island.

Of the new governors twelve are Democrats and eight are Republicans. Elias M. Ammons, Democrat, succeeds Governor Shafroth, Democrat, in Colorado.

Charles R. Miller, a prominent citizen of Wilmington, succeeds Governor Pennell of Delaware. Both are Republicans.

Park Trammell, at present attorney-general of Florida, will become governor in succession to Albert W. Gilchrist. Both are Democrats.

John M. Haines, Republican, will succeed James H. Hawley, Democrat, as governor of Idaho.

Edward F. Dunne, former mayor of Chicago, has been elected by the Democrats of Illinois to succeed Governor Deneen, Republican.

Governor Marshall of Indiana, who will be Vice President of the United States after March 4, will be succeeded by another Democrat, Samuel M. Ralston of Lebanon.

In Iowa, Governor Carroll, Republican, will be succeeded by George W. Clarke, also a Republican. Mr. Clarke is at present lieutenant-governor.

The state of Michigan followed the lead of the nation by electing a "schoolmaster" to the office of chief executive. Woodbridge N. Foris, Democrat, who will succeed Governor Osborn, Republican, has devoted his life to educational work.

Governor Hadley of Missouri, Republican, will be succeeded by Elliott W. Major, Democrat, who has served as attorney-general of his state.

Governor Norris, Democrat, of Montana, will be succeeded by Samuel V. Stewart, also a Democrat.

John H. Morehead of Falls City headed the Democratic ticket in Nebraska and will succeed Chester H. Adrich, Republican, in the governorship next January.

No gubernatorial candidate in New Hampshire obtained the necessary plurality and in consequence the choice of the governor devolves upon the legislature. The Republicans will have control of that body and will elect Franklin Worcester to succeed Governor Bass.

William Sulzer, who is to succeed Governor Dix of New York, has long been prominent in Democratic circles.

He is a former speaker of the New York general assembly and has a record of eighteen years' service in congress.

Locke Craig, elected to succeed Governor Kitchin of North Carolina, is one of the noted lawyers of his state.

Louis B. Hanna, Republican, who is to become governor of North Dakota in succession to John Burke, Democrat, has been a representative in Congress since 1909.

Another congressman elevated to the governorship of his state is James H. Cox, Democrat, who has been named governor of Ohio in succession to Governor Harmon.

Frank M. Byrne, Republican, elected to succeed Governor Vessey, of South Dakota, is at present lieutenant governor of the state.

Ernest Lister, a leader in Democratic politics in Tacoma, will succeed M. E. Hay, Republican, as governor of the State of Washington.

The election of Dr. H. D. Hatfield as governor of West Virginia in succession to William E. Glasscock was one of the surprises of the November battle of the ballots. Dr. Hatfield is a friend of President Taft, though he ran on a Republican Progressive ticket. He is a nephew of "Cap" Hatfield, the clan leader who managed to fill columns of newspaper space in the days when the famous Hatfield-McCoy feud flourished in the mountains of West Virginia and Kentucky.

Nebraska Manufacturers Organize  
Omaha, Neb., Nov. 13.—A permanent state association that will include in its membership nearly all of the 2,500 manufacturers of Nebraska banded together to aid in the industrial development of the state, is expected to result from a two days' conference begun in this city today by a large number of leading manufacturers and business men. After completing its organization the conference will discuss the safeguarding of employes, fire waste, transportation, workmen's compensation, the blue sky law and other matters of common interest.

Try Engineer for Manslaughter.  
Hornell, N. Y., Nov. 14.—The case of William Schroeder, who was indicted for manslaughter as a result of the train wreck near Corning on July 4 last, was called for trial in the County Court here today. Schroeder was the engineer of the Delaware, Lackawanna and Western passenger train which telescoped another train and caused the loss of many lives.

## MOOSE BANQUET AT FRANCIS

At the invitation of the Francis Moose several of the Ada antlered herd attended that lodge last night. They were treated as only a Moose knows how to treat a brother Pap. The Moose band furnished music for the occasion and after the entertainment the visitors were shown into their new and elegantly appointed club rooms, where a banquet was spread fit for a king. The Ada boys will never forget this, their first visit to the members of the organization that put Francis on the map.

### OFFICIAL RETURNS FROM 71 COUNTIES

Oklahoma City, Nov. 14.—Official returns from seventy-one counties on file with the state election board make it certain that the total number of ballots cast in Oklahoma this year will exceed by at least 10,000 votes the high mark of any previous year. With six counties still out, including Oklahoma and Muskogee, the two largest democratic counties of the state, there are no changes in the proportions of the totals either of leading candidates or parties.

United States Senator Owen continues to add to his astonishing lead over the democratic electors and other democratic candidates, now having a total of 107,393 votes against 99,551 votes for the democratic electors. The republican electors total for the seventy-one counties is 77,560, or 29,833 behind Senator Owen and 21,991 behind the democratic electors. The total vote polled for the socialist ticket in the seventy-one counties was 37,314 and their claim of 40,000 in the state probably will be reached.

On the capital question Oklahoma City has 85,003 against 78,044 for Guthrie on the "yes" and "no" vote, and with a silent vote against Guthrie of 29,170.

Only sixty-four counties have sent in official returns on the Campbell Russell bill. The totals here for these counties stand 130,584 for the bill; 48,561 against.

Texas county came in with a majority of 49 for Judge Carney in the Second district congressional race, which, however, still leaves a very heavy Morgan lead and four counties of the district still out.

The total vote in the seventy-one counties, excluding that cast for the prohibition ticket, was 214,425.

### DEMOCRATS WILL HAVE TWO-THIRDS MAJORITY

Washington, Nov. 13.—According to the returns received up to this evening from the Secretaries of State of the various States, Clerk of the House of Representatives South Trimble figures it out that the Democrats in the next House will fall short just three of having 300 out of the 435 members of that body as a result of the political landslide that took place on Nov. 5.

The Democratic membership will be 297 and the Republicans, including Progressives and other brands of progressives, will have 138. The Democrats will have in the next House, therefore, just a little better than a two-thirds majority, two-thirds of 435 being exactly 290. This is the largest percentage of the total membership of the House any party has had since the Fifty-Fourth congress, which in a House of 356 members the Republicans had 246 of the total, or 69.3 per cent. In the great landslide of 1890, which swept the Democrats into power in the House, the party elected to the house of the Fifty-second Congress 236 out of the 356 members or 66 per cent of the total. In the next Congress the Democrats will have 68.3 per cent of the members, just a shade less than the Republicans had in the Fifty-Fourth.

No less than eighteen State delegations to the next House will be solidly Democratic. These delegations will be Alabama, Arkansas, Arizona, Colorado, Connecticut, Delaware, Florida, Georgia, Indiana, Louisiana, Maryland, Mississippi, Montana, Nevada, New Mexico, North Carolina, South Carolina and Texas.

The Republicans will have solid delegations from the eight States of

Oregon, Washington, South Dakota, North Dakota, Vermont, Utah, Wyoming and Idaho. But some of these Republicans are Progressives. The exact number of Progressives in the new House Clerk Trimble is not yet able to state officially. They will not exceed twelve or fourteen all together. The Pennsylvania delegation will stand twelve Democrats and twenty-two Republicans, including in the latter those who ran as Progressives.

### AGRICULTURAL BOARD FIRES EMPLOYEES

Oklahoma City, Ok., Nov. 13.—Names of five employees of the State Board of Agriculture were dropped from the pay roll as the result of an executive session of the board held today. Two new employees were taken on. Marie Woodson, superintendent of the farm demonstration department, was elected president of the district agricultural school at Helena, to replace Dr. Calvert, who tendered his resignation last week, and J. H. Esslinger, former president of the Haskell District Agricultural school at Broken Arrow, was elected superintendent of farm demonstration. J. V. Faulkner of Kiowa was released as president of the Warner District Agricultural school and Prof. L. H. Jackson placed temporarily in charge. A. J. Emery of Oklahoma City succeeds A. F. Howe of Helena as state dairy commissioner at \$125 per month. Howe's salary having been \$100. Positions held by R. D. McManus of Berwyn, state dairy inspector, and O. G. Harper of Buffalo and Dave Woodson of Woodward, demonstration farm inspectors, were abolished. An employee is to be named for McManus' place later. The board also spent \$550 for a silo for the Warner school.

## HERE YOU WILL FIND SECURITY SCHOOL SHOES

## Don't Ruin Those Little Feet

Those scuffling, running, jumping, romping little feet of your children need a foot covering in which there is room for every toe. Ill shaped, tight shoes will mean misery later in life.

The celebrated "SECURITY SCHOOL SHOES" made by Hamilton, Brown Shoe Co. are scientifically constructed. They are broad and roomy, without deviating from the late style ideas—they are made of soft but strong leathers and they will hold their shape to the very end. They are the best school shoes to buy—bring that boy or girl down and let us prove it.

### THEY NEED JUST THE KIND WE SELL

THE  
SURPRISE STORE

The People Who Put The Price Down  
— ADA, OKLA. —

### Your Doctor Knows

His skill and knowledge will avail him nothing if his prescriptions are not properly and carefully filled. The potency of drugs depends upon their quality. Ask any doctor if this is not true. We realize this fact and in the compounding of prescriptions we use only drugs of absolute purity, fresh and of the proper degree of strength.

When a prescription is filled this way and used as directed, you can depend upon the results. It's a waste of money to pay a doctor for a prescription and then not get what it calls for. It also means needless suffering, perhaps a serious illness to you. Bring your prescriptions to us for results.

Address All Letters to the News Publishing and Printing Company

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

Gov. Cruce in advocating a reduction of the number of officers will likely find himself strongly supported in all quarters, except from those affected. So far as the News is aware however, Representative Crawford was the first in the state to come out squarely for this reform.

A feature of the Governors message is the reduction in the membership of the house and senate. With the number reduced and the others put on a fair salary the state will get much better service that is possible with a great crowd of half paid members. At present it requires a sacrifice on the part of any competent man to serve as a member of either house.

**Largest Loom in Germany.**  
Germany has the world's largest loom, in which felt disks for paper mills up to 238 feet in circumference can be woven.

## THREE JURORS SECURED IN SNEED CASE

Fort Worth, Tex., Nov. 13.—The special venire of 300 men ordered for the J. B. Sneed murder trial was exhausted before noon today, with only three qualified jurors accepted. Of the three, but one was secured today. Orders were issued to summon an additional venire of 200 for this afternoon. The jurors are to try Sneed on the charge of killing Capt. A. G. Boyce Sr. in this city some months ago. The juror secured today is J. C. Gaither, farmer, 40 years old, married. The two secured yesterday are J. D. Crane, farmer, 34 years old, married; Walter Portwood, farmer, 40 years old, married.

As soon as the first venire was exhausted Judge Swayne instructed Deputy Sheriffs Fitch Ellis and Musick to ride into the most remote rural districts and summon an additional 200 men and have them in the court room by 2 o'clock tomorrow afternoon.

"There is no use bringing men in here from their work," he said, "who are known to have formed opinions and are disqualified; nor is it any use to summon men who have not paid their poll taxes. Above all, bring us men of good moral character."

Having delivered this admonition to the deputies, who will scour the county on horseback for qualified jurors, Judge Swayne adjourned court until 2 p. m. tomorrow.

## Coming Soon.

J. Elwin McBride announces the coming of his newest farce comedy success, "The Girl in Red" on Tuesday, Nov. 19, and that means to the theatre goers of this city that they will have an opportunity of seeing a good clean show at a moderate price. The piece is in three acts and is as full of songs, mirth, music and laughs as a nut is of meat. Miss Eva Craig, the charming little artist, is at the head of this big bunch of fun makers, and well deserves the distinction of being not only the cleverest, but the prettiest girl playing "small time" houses today. The Girl in Red will please you in price and is the biggest fun factory coming this way for a long time to come. Prices 25, 35 and 50c; seats on sale at Ramsey's drug store.

## Return My Bicycle.

The party who took the bicycle from my residence on Townsend will save trouble by returning same, a once. Mrs. R. L. Eaton. 189-34d

The News has secured a copy of State Superintendent Wilson's report on the state schools and tomorrow will publish a part of it. The remainder will appear Saturday. Mr. Wilson takes all the wind out of the sails of those who would abolish any of the present schools and is the clearest exposition of the subject yet presented.

This evening the Empress has a splendid three reel drama entitled "Black Sheep's Wool." This is one of the biggest western dramas ever produced and is your last chance to see it. It is brand new and entirely out of the ordinary.

## 15 KILLED AND 17 INJURED IN RAILWAY WRECK

Indianapolis, Ind., Nov. 13.—According to the inspectors for the Indiana railway commission, the disastrous wreck on the Cincinnati, Hamilton & Dayton railway at Irving, a suburb, at an early hour today, in which fifteen persons lost their lives and seventeen others were seriously injured, was the result of the company's failure to install a block signal system as it had been ordered to do by the commission. The system was to have been completed by January 1, 1913.

The wreck was caused by the failure of the head brakeman to close the switch to a siding on which a heavy freight train had been run to let the rapidly running passenger train, more than an hour late, pass. Carl Gross, the head brakeman has assumed blame for the disaster. He is under police guard at a hospital, where he lies with a broken leg.

## This Date in History.

- 1633—Thomas Parr, known as "Old Parr" and said to be 162 years old, died near Shrewsbury, England.
- 1796—Beginning of the three days' battle at Arcola, Lombardy, in which the defeat of the Austrians made Bonaparte the master of Italy.
- 1846—Tampano, Mexico, surrendered to Commodore Connor of the American navy.
- 1856—Solomon Juneau, one of the founders of Milwaukee, died at Shawnee, Wis. Born in Canada in 1793.
- 1869—A monument to Bishop Brown, all, founder of Trinity College, was unveiled at Hartford, Conn.
- 1881—Trial of Charles J. Guiteau for the murder of President Garfield began in Washington.
- 1885—Bulgaria invaded by a Serbian army.
- 1905—Prince Charles of Denmark was chosen king of Norway.
- 1908—Emperor Kwang Su of China died. Born August 2, 1872.

## NOSE STOPPED UP WITH CATARRH

A Common Sense Treatment for Colds and Catarrh—Gives Instant Relief.

No matter how miserable you are with catarrh or a cold in the head, nose stopped up, throat sore, eyes running, dull pain in the head, dry cough, fever, foul breath, Ely's Cream Balm will give you instant relief.

It gets right at the root of the trouble, cleanses, heals and strengthens the raw, sore membranes, stops the nasty discharge so that you are not constantly blowing your nose and spitting. In a few minutes after applied you can just feel it doing its work of clearing the head, the pain and soreness are relieved, the breathing becomes natural and the stuffed feeling is gone. This cleansing, healing antiseptic Balm contains no mercury, cocaine or other harmful drugs. It is easy to apply, pleasant to use, and never fails to give relief, even in the worst cases.

Never neglect a cold, and don't suffer the miseries of catarrh nor disgust your friends with your hacking, spitting and foul breath. Get a 50-cent bottle of Ely's Cream Balm from your druggist, and start the treatment at once. You will find that it will be the best investment you ever made. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

## ADDITIONAL LOCAL.

The Patrons Club of the High school will meet tomorrow afternoon at 3:30. All members urged to be present, and visitors invited.

A. M. Crow expects to attend the Gettysburg reunion next July. As it happens he is the only brigade or division in Oklahoma who participated in that memorable struggle, a fact that will give him seniority with the delegation from Oklahoma.

J. M. Rainey, who until about five years ago was a citizen of Ada, is back from Western Texas giving his many friends the glad hand.

Dunn & Brandon, refined comedians, will appear at the Majestic this evening. Their songs and dances are the best. An act with a class. Two good pictures: A Detective Strategy and Alkali Ike Stung. This is fully as good as the one you saw sometime ago Alkali Ike's Pants, and it was a real scream.

M. F. Drummond, who was here on a visit to his brother, P. T. Drummond, left this morning for his home at Brookston, Texas.

Cotton is on the toboggan slide again, 12c being about the best on the streets today. The estimate of a crop of over 14,000,000 made by O'Neal, the English statistician, is said to be the cause of the slump.

## To Reorganize Georgia Ball League.

Mayercross, Ga., Nov. 14.—Steps to reorganize the old Georgia State Baseball League will be taken at a conference of the promoters here tomorrow. According to present plans the league territory will be confined to the southern half of the state. Among the cities proposed for the circuit are Brunswick, Valdosta, Waycross, Americus, Thomasville, Cordele, Tifton and Fitzgerald.

## NOTICE TO TAX PAYERS.

Your 1912 tax was due November 1st, 1912.

If you want to pay your tax to halves without any penalty you will have to pay your first half before the first day of December, 1912, or you will have to pay penalty on the first half from Dec. 2, 1912, until paid.

If the first half is not paid before January 1st, 1913, all your tax becomes delinquent and will all have to be paid at one time with a penalty of 18 per cent per annum from January 1st, 1913, until paid. If one-half is paid before January 1st, 1913, you will have until June 15th, 1913, to pay the last half, without penalty. The law requires each and every tax payer to furnish me with a list of his property when he comes to pay his tax or when he writes to find out what they are, for example: If is is personal property (which means all property other than real estate) give name of town or municipal township you were assessed in. For example: John Smith, personal tax in town of Stonewall, or Fitzhugh township or whatever town or township it might be in.

If you own town lots give me your

Lot No., Block No. and name of town it is in or if in some one of the additions, of a town, give name of Addition and town. Example: Lot 1 in Block 2 in Frisco Addition to the town of Francis, Oklahoma.

If you own farm land give me the calls of your land, Sec. No. Township and Range. Example: SW 1/4 of Sec. 16, Twp. 2 North, Range 5 East, Fitzhugh Township.

Your 1911 tax receipt will be a good list but check it over and see that all your property is shown on it.

Trusting that each and every tax payer will be kind enough to do as required, I am yours for the very best service I can render you,

RIT ERWIN,  
County Treasurer  
P. S.—If you don't furnish list as required by law, when you write about your tax your letter won't be answered for I will not know what property you own, and if you don't have a list of your property when you come to pay your tax, the man who has his list will be waited on first and I will wait on you when there is no one waiting. 81w-261d

AN ACT  
WITH CLASS

### "A Detective Strategy"

A powerful society drama adapted from Fred Jackson's famous story, "Thistledown."

### "Alkali Ike Stung"

Augustus Carney in his famous role, of "Alkali Ike." You remember Alkali Ike's Pants—that was a scream—this one is a cyclone.

# DE SOTA

## JAMES CRUZE

Flo LaBadie, Thanouser Kid, Thanouser Kidlet, William Russell, Harry Benham and Mignon Anderson appear tonight in

### "WHEN MERCY TEMPERS JUSTICE"

A fantasy presented as the dream of a Judge. It has the fine qualities happily often found in the offerings of Thanouser. It's a dandy, and there is no getting around it.

### "ALL FOR JIM"

A swell drama by the Majestic Co., with Mabel Trunelle and Herbert Pryor in the lead.

## WILLIAMS & ROSE

CAN MAKE YOU LAUGH OR CRY, AT THEIR WILL

### ANNOUNCEMENT!

We are now on the best film circuit in the world, and get the pictures that are shown in London, Paris, Berlin, New York—in fact, every big city of the world, in the best houses. Our pictures from now on will be **NEW!** We mean by that, that you will not see a particle of "rain" in the films; there will be no jumping; they will be so clear the weakest eye will not be affected any distance from the screen. This new service will include the following makes: Thanouser, Majestic, "Flying A," "Kay-Bee" (which is the original 101 Bison), Keystone, Broncho, Solax, Reliance, Gaumont, and we will have more two and three reel subjects than ever before.

### TOMORROW

## "Custer's Last Fight"

In order to avoid the rush at night, take advantage of the afternoon performance, which begins promptly at 3 o'clock. Doors open at night promptly at 6:30.

#### Johnson's \$60,000 Bond Refused.

Chicago, Nov. 13.—Johnson's attorneys late Wednesday offered as bondsman a property holder who could qualify for \$60,000. When it was shown that the proffered bondsman

was to be indemnified and paid for acting he was refused.

"The government will fight any attempt to give an indemnity bond for the defendant," said District Attorney Wilkerson.

### Notice to Witnesses.

All witnesses in the Harris murder case set for Monday morning will be excused until Wednesday morning at 9 o'clock. TOM D. McKEOWN, Judge.

Up to last Monday Roff had about 4,000 bales of cotton. Already the receipts are in excess of last season and indications are that the total will reach above 6,000 before the ginning season is over. All the gins have been running full capacity.—Eagle.

## HARRIS CASE WILL BE TRIED MONDAY

A good part of the day was taken up in district court in arguing the motion for a continuance of the case against Leslie Harris, charged with assault on Charley Braddy with intent to kill. This case grew out of the shooting that occurred some two weeks before Braddy was killed. After hearing the argument on both sides Judge McKeown overruled the motion to continue the case for the term, setting it for Monday morning and moving the murder case up to Wednesday.

Owing to the fact that R. C. Roland has been installed as county attorney, the new attorneys in the case asked that the case be continued so that they might have more time to familiarize themselves with it and to get service on some absent witnesses. The former county attorney appeared for the prosecution and bitterly opposed the motion and also fought the proposal to try the murder case first, insisting that it was customary for the state to say what order cases shall be tried.

The case of Robert Low, charged with rape, was dismissed, as was also the case of John Condron, charged with assault with intent to murder.

The jury was dismissed until Monday, there being no other cases de-

## CREAM BAKING POWDER

Pure—Wholesome—Reliable—Indispensable

Its fame is world-wide. Its superiority unquestioned. Its use is a protection against alum food. In buying baking powder examine the label carefully and be sure the powder is made from cream of tartar. Other kinds do not make the food healthful.

## GOVERNOR'S MESSAGE

The message of Gov. Cruce to the forthcoming legislature was released today. It makes a book of 117 pages and goes into minute detail on many subjects considered. The News has prepared the following brief synopsis for the benefit of those who have not time to read the entire book.

### Pize Fighting.

Passage of a law is urged that will remove all doubt concerning prize fights, and that would outlaw them in Oklahoma.

### Gambling.

The laws against all forms of gambling should be strengthened. Slot machines, shaking of dice for cigars and drinks, card playing, horse racing, and all other forms should be forbidden under heavy penalties. The man who conducts a gambling house should be sent to the penitentiary.

### Prohibition.

The people have twice declared in favor of prohibition, and it can be enforced, if local officers are so inclined. The laws should be further strengthened so that convictions may be more easily obtained and circumstantial evidence be allowed to have the same weight that it would in case of theft and murder. The enforcement of the law should be left largely in the hands of local officers, but if the governor is to be charged with its enforcement, he should be given more power and more officers.

### Removal of Officers.

At present the governor, although designated by the Constitution as the supreme executive officer of the state, has very little real power in compelling local officers to enforce any law. To secure uniformity in the enforcement of laws, the governor should be clothed with authority to summarily remove any officer who fails to perform his sworn duty, and to appoint his successor. The fact that the governor possessed such power would, in most cases, be sufficient to curb any tendency to laxness on the part of local officers.

### Schools.

The state has established too many schools and should weed out a large number of these. They are costing more than the results obtained justify. It is recommended that three Normals, five district agricultural schools and the two university

preparatory schools be abolished entirely and the school of mines be made a part of the State University. The district agricultural school at Goodwell might be retained since it is located in a region differing from most of the state in soil and climate and is far removed from the A. & M. College. The school for the blind should be removed to a permanent location, preferably Oklahoma City, Muskogee or Tulsa. A law should be passed raising the standard of public school teachers.

### Capital Punishment.

The death penalty is a relic of barbarism and should be abolished.

### Banking.

The present banking law has hastily placed on the statute books, and, as a result, many banks organized under the laws of the territory that were practically insolvent at the time, were given the benefit of its provisions. A number of these have been liquidated entailing on the guaranty fund a loss of over \$1,500,000. The principle of the law is sound. It should be so amended that only a fixed rate should be taxed against the daily balances of the banks, any deficit then arising being made good by the state, since the law is a direct benefit to every citizen. More rigid laws for the criminal prosecution of dishonest bankers should be adopted.

### Election Laws.

The penalties for violating the election laws are altogether inadequate and it should be made a penitentiary offense for casting an illegal vote, likewise for aiding in such violation, and for making false returns. The primary election laws should be so amended that only members of a party should participate in the nomination of candidates for that party. Returns should be made more quickly. So that a candidate should not receive the nomination with less than a majority, voters should be permitted to express second and third choice, or else a second primary be held. The names of candidates should be rotated on the ballot so that no one might receive an undue advantage because of the alphabetical order.

### Sand and Gravel.

The beds of navigable streams are clearly the property of the state, and all oil, gas, gravel and sand to be found in such are state property and should be treated accordingly.

### Taxation.

An expert tax commission is recommended to study taxation systems and recommend such laws as are needed to equitably distribute the tax burdens. The commission should be clothed with authority to enforce present laws, which are largely evaded. All information given by a taxpayer should be under oath, and false swearing punished as in any other case of perjury.

### Reduction of Offices.

The entire abolition of township offices is favored. All clerkships and the office of Register of Deeds should be consolidated in every county. The office of Treasurer should be consolidated with that of sheriff or tax assessor. All deputies should be employed by the county commissioners, and salaries fixed by them.

All superior judgeships should be abolished. The number of district judges should be reduced to twenty. The clerk of the supreme court should be put on a salary of not more than \$3,000 per year, instead of allowing him fees, as at present. The office of state printer should be abolished.

### Legislature.

It is recommended that a bureau of three men be established to study the laws of this and other states and be in a position when the legislature meets to supply it with information needed. In regard to proposed legislation, and when requested by a member to draw a bill for him and to draw up all initiated bills and give information to the authors so as to avoid all possible delays. The senate should be reduced to not more than 26 members and the house to 50, and the members put on a fixed salary.

### State Capital.

It is recommended that the legislature accept the lands donated for capitol purposes by Oklahoma City, together with the \$100,000 now in possession of the governor, and that contracts be made at once for the erection of the capitol building, and that four per cent bonds be issued to enable the work to proceed without waiting to dispose of the lands.

### Reapportionment.

The state should be redistricted without regard to political considerations and giving any one party an advantage over another.

### Penal Institutions.

The status of the Granite reformatory is passed up to the legislature for settlement. The governor recommends that it be made strictly a reformatory and not a branch penitentiary. In the penitentiary the convicts should be taught useful trades, and put to work along lines that will not compete with free labor. A twine factory is recommended, since there are no such factories in the state

and the farmers are now paying tribute to the twine trust. The indeterminate sentence should be adopted, so that a prisoner would know that his term depended altogether on his own conduct.

### Transportation of Prisoners.

Each county should pay for the transportation of its own prisoners to the penitentiary.

### Finances.

Strict economy in making appropriations is urged. County treasurers should be required to make their remittances to the state treasurer monthly, instead of quarterly. The heaviest item of taxation is that levied by local authorities, who reduced the rate very little, or none at all in the face of the raise in valuations. This should be curbed by establishing a lower maximum rate. A maximum of 5 mills for all purposes is recommended, unless the people vote a higher rate.

### Tax Penalties.

It is an outrage to compel citizens to pay 18 per cent penalty on delinquent taxes. The penalty should be reduced to 10 per cent. Where sales of property for taxes are made the costs should be reduced.

### Courts.

Legislation should be passed discouraging the appeal of numerous cases, many of which are solely for the purpose of delay. It is recommended that where a case is appealed to the supreme court the loser be taxed with an additional 10 per cent of the amount involved, and in no case less than \$25.

### Highways.

Oklahoma has not kept pace with other states in the matter of road improvement much money has been wasted through township government which would be saved, if these boards are abolished. At present the department is supported by an annual tax of \$1 upon each automobile. Little can be accomplished under such a condition and unless something better in the way of support is forthcoming, the department might as well be abolished. It is recommended that the tax on autos be a graduated one, depending on the horsepower of the machine.

### Natural Gas.

A law should be passed limiting the amount of gas that can be taken from a well each day. Severe penalties should be provided for any permitting gas to escape. Cities should be empowered to condemn gas wells for their own use.

### Concealed Weapons.

It should be made a felony to carry concealed deadly weapons.

### Workman's Compensation Act.

An act should be passed fixing the amount of damages to a workman when injured or to his family, if killed. A law can be framed that will be fair both to employer and employee.

### Rewards.

At present the governor can only offer rewards in the case of murder and arson. It should be amended to permit rewards being offered for the apprehension of other classes of criminals, especially for embezzlers of state funds.

### San Francisco Exposition.

If the legislature thinks best to make provision for an exhibit, it should by all means be a creditable one.

### Tablet in Washington Monument.

The state is entitled to place a tablet in the Washington monument and should do so.

### Anniversary of Gettysburg.

An endeavor has been made to procure the names of all veterans on either side who are unable to make the trip to the reunion on the battlefield next July. This information will

## AUTOLOADING SHOTGUN

For singles—trap or field—just toss in a shell, press the button and—"PULL." The side bolt makes it easy. You don't have to tug at the barrel or watch an on-and-off device. The action stays open after each single shot is fired.—It always stays open when the magazine is empty. Five shots—three to get the cripples—each under absolute control of the trigger finger. The recoil reloads for you—kicks another shell in; takes the strain off the gun—the discomfort out of the kick—all without diminishing the drive behind the shot.

Simple take-down—a few turns of the readily handled magazine screw-cap makes cleaning, carrying and interchange of barrels quick and easy.

Send for a motion picture booklet telling how the kick is used—how a friction device found only on the Remington-UMC Auto-loading Shotgun takes the punishment out of heavy loads.

Write to-day:

be laid before the legislature for action.

### Battleship Oklahoma.

It is the custom for states in whose honor battleships are named to present said battleships with a silver service. The legislature should take proper steps for the new battleship, Oklahoma.

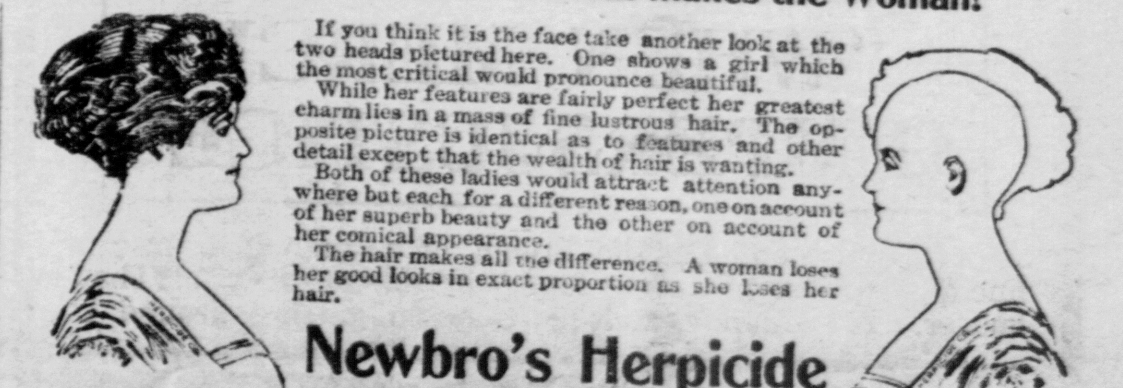

### New York Land Show.

New York, Nov. 14.—The 1912 New York land show, which is to open in the Seventy-First Regiment Armory tomorrow, is expected to bring together one of the largest gatherings of agriculturists in the world's history.

The gathering will include experts from the various experimental stations, and colleges and farmers from about every section of the country. The exhibition itself will consist of exhibits of agricultural machinery and farm products of every kind and from every section of the United States and from Canada, Mexico, Alaska and Porto Rico. The show will continue until Dec. 2.

Dr. C. M. Means of Allen, chairman of the Democratic county committee, was an Ada visitor today. Like all other democrats he wears a broad smile.

## Is it the Hair or the Face that makes the Woman?

If you think it is the face take another look at the two heads pictured here. One shows a girl which the most critical would pronounce beautiful. While her features are fairly perfect her greatest charm lies in a mass of fine lustrous hair. The opposite picture is identical as to features and other detail except that the wealth of hair is wanting. Both of these ladies would attract attention anywhere but each for a different reason, one on account of her superb beauty and the other on account of her comical appearance. The hair makes all the difference. A woman loses her good looks in exact proportion as she loses her hair.

## Newbro's Herpicide Saves the Hair

There is nothing which is so destructive to the hair as dandruff. This annoying trouble to which everyone is more or less exposed is due to the working of an invisible growth of microbe called the Dandruff Germ. It robs the hair of the snap and luster of health, burrows down into the follicle and eventually loosens the hair, allowing it to fall out. Newbro's Herpicide applied regularly and intelligently kills this germ, keeps the scalp clean and hair healthy. Falling hair is thus prevented and, if the hair follicles have not become atrophied, a new growth of hair may be anticipated. The life and luster of Herpicide hair is beautiful to see, is unmistakable. An abundance of fluffy, glittering hair is woman's chief beauty and to permit its needless destruction is unpardonable.

## A Word About Banking

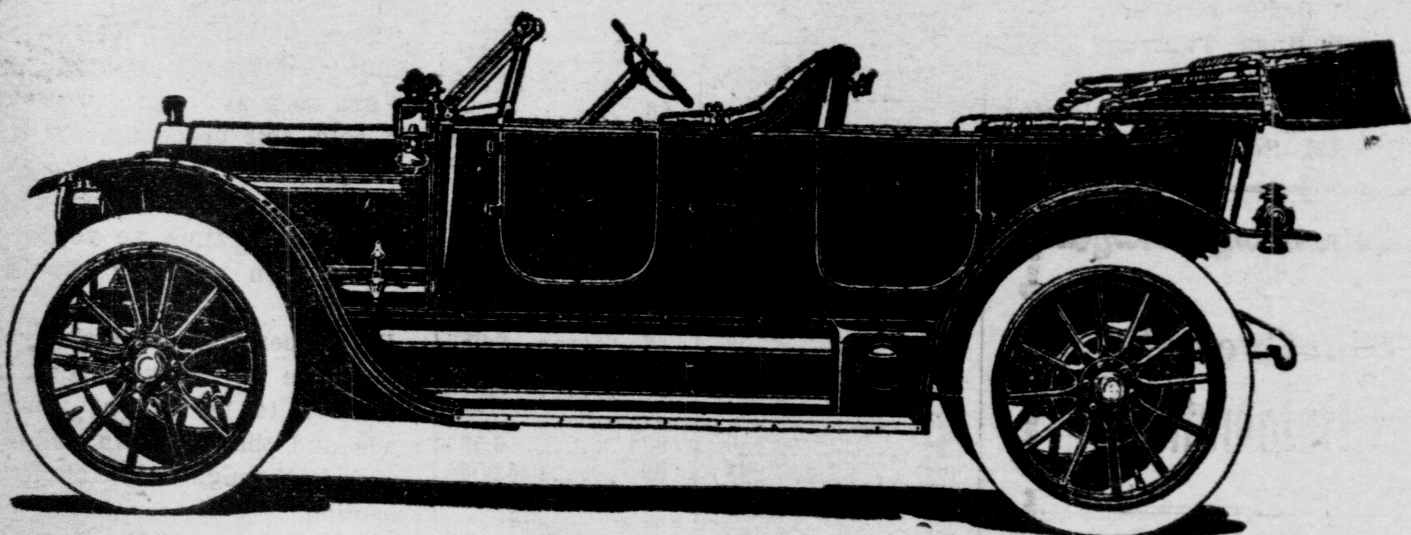

Select your bank and stay with it. Choose one where your money will be Absolutely Safe; one able and willing to help you both with loans and business experience when you need and deserve it; and one whom you can trust with your business affairs.

A bank should always give preference to its regular customers, and we recognize this obligation.

# FREE CAR

The election is over now and we have settled down to business in real earnest. We are feeling good and are ready for a tussle. We are ready to meet all competition in either Dry Goods or Groceries. We want to thank our friends for their liberal patronage thus far this season. Our business has far exceeded our expectations, forcing us to reorder in lines, and to meet the demands of our

## Rapidly Increasing Business

Our Mr. Horton left last Monday on his 2nd trip to market this season. He is now in the market picking up bargains which will begin to reach us about the last of this week and we expect to surprise and delight the buying public with values and prices the remainder of this season. Come in and see if we don't. Our contestants in the race for Howard Touring Car to be given away are having lots of fun. They are also having a merry chase for the Dinner set. This week No. 148 wins the set by a close margin. Next week we are going to give another 42 piece Dinner Set to the one recording the argest vote, however Nos. 124 and 148 will be barred from this contest each having won a set. You can win this set if you will get busy, in the meantime we propose to save you money on what you buy at our store.
